EXPERIENCE

Sept 2025
Present

Automation & Integrations Engineer

Le Comptoir — Tokyo, Japan (Freelance, Remote)

- Rebuilt the weekly inventory workflow around live Shopify stock data, **saving the shop team ~2 hours every week**
- Manage and optimise Shopify store operations for a catalogue of **200+ cheeses and wines**
- Design and maintain automation pipelines using Make and Airtable to streamline internal processes
- Handle payment gateway configuration and monitoring via Stripe and Amazon Pay

Mar 2024
Present

Full-Stack Developer – E-commerce

Juju Holdings (Minnatopia) — Tokyo, Japan (Freelance, Remote)

- Develop custom Liquid sections and blocks on an existing Shopify storefront
- Manage a catalogue of **1,000+ products** (booster boxes, singles, accessories) coordinated around TCG release schedules
- Design and send weekly promotional newsletters to a subscriber base of **~700 readers**, alongside carousel banners for the storefront
- Maintained remote delivery while relocating across South East Asia (Réunion, Thailand, Vietnam, Cambodia)

Jul 2022
Nov 2023

Full-Stack Developer

Cointribune — Switzerland (Remote, in parallel with The Walking Nerds)

- Contributed to a full frontend redesign of the platform (ReactJS / JavaScript)
- Architected and developed a newsletter service and a loyalty/rewards system from scratch
- Collaborated with the product team to iterate on features in an Agile environment

Jul 2022
Nov 2023

Full-Stack Developer

The Walking Nerds — Paris, France (ESN)

- Delivered custom WordPress block development and maintenance across multiple client projects
- Worked independently within client codebases, adapting quickly to varying technical stacks

Feb 2020
Oct 2021

Assistant Manager

Picard Surgelés — Ferney-Voltaire, France

- Managed a team of 5, overseeing scheduling, training, and daily operations
- Financed further studies in tech while developing leadership and organisational skills

EDUCATION

2021 – 2023

Web@cadémie — Epitech

Lyon, France

2017 – 2019

Mastère Game Design & Programming (incomplete)

Isart Digital, Paris, France — redirected to web development after discovering a passion for UI/UX design.
